

Digital Prepress

PRINERGY Workflow 8 automation platform.

KODAK INSITE Prepress Portal for online submission, collaboration and proofing.

Rampage Dual Core Dual Xeon Rip Rackmount Systems Custom Plate Curve Development System and Colorpath Match Certified System

Preps Digital Imposition Software for Computerized Assembly

Proofing

Impoproof 8000S automated double-sided impo proofer

(3) Epson 7900 series Inkjet Contract Proofing System with Oris Color Management front end.

(2) Fuji FinalProof GXT A2 4 Page Contract Proofer, Capable of PMS Colors and Proofing on Actual Stock

Konica/Minolta C6000 Digital Press

Web Presses

GOSS Sunday 3000 5-Unit Heat-Set Web 22 1/4" x 75", Automatic Plate Changes and Closed Loop Color System, Double former folder and Tabloid folder, (4) sided Rotary cutters, Robot palletizer delivering at speeds up to 100,000 impressions per hour.

Man Roland Rotoman 5-Unit Heat-Set Web 22 3/4" x 38", Automatic Blanket Washers, Automatic Plate Changers and Closed Loop Color System, Combination Folding and Sheeting at Speeds Up to 55,000 Per Hour, In-line Finishing with (4) Plow towers, wet flap gluer/ UV coater, rotary die-cut unit, WPM Rotary cutter, Low Waste Make-Readies, CIP3 Connectivity

Man Roland Rotoman 6-Unit Heat-Set Web 22 3/4" x 38" with Aqueous Coating Tower, In-line Pattern Gluing, Perforating, Automatic Blanket Washers, Automatic Plate Changers and Closed Loop Color System, Combination Folding and Sheeting at Speeds Up to 65,000 Per Hour, Low Waste Make-Readies, CIP3 Connectivity and In-Line Trimming

Sheet-fed Presses

40" Man Roland 7006 Color (28"x40") 15,000 Imp/Hr and CIP3 Connectivity

40" Man Roland 7006 Color with Aqueous Coating Tower (28"x40") 15,000 Imp/Hr and CIP3 Connectivity

Digital Presses

(2) Konica Minolta BizHub C6000 Color digital presses

Cutting

(3) Polar Systems High Speed Cutter with Automatic Stack Lifter, Jogger, Off-Loader and CIP4 Connectivity Polar System (integrated scale on 1 unit)

Folding

(9) MBO 26" Folders with Inline Automatic Banding

(3) MBO Perfection Folders with Inline Automatic Banding

(12) MBO Palamides Delta 703 Automatic Banding Systems

(2) MBO Folders configured with multiple location cold and hot-melt glue systems

Stitching and Perfect Binding

6 pocket Muller-Martini Bravo Plus Saddle Stitcher with Automatic Stream Feeders, Cover Feeder and 4th and 5th Knife Trimmer.

8-Pocket Muller-Martini Prima Saddle Stitcher with Cover Feeder, 4th & 5th Knife Trimmer and Automatic Stream Feeders

6-Pocket Muller-Martini Prima Saddle Stitcher with Cover Feeder, 4th & 5th Knife Trimmer, and In-line inkjet capabilities

6-Pocket Muller-Martini Bravo Saddle Stitcher with Cover Feeder, 4th & 5th Knife Trimmer, and In-line inkjet capabilities

8-Pocket Muller-Martini Bravo Saddle Stitcher with Fully Automatic CIP 4 Automatic Make Ready System, Cover Feeder, 4th, 5th, 6th & 7th Knife Trimmer and MBO Palamides Delta 502 Automatic Banding System

(2) 10-pocket Muller-Martini Prima Saddle Stitchers with Cover Feeder and 4th & 5th Knife Trimmer

(2) 6-pocket Muller-Martini Prima Saddle Stitchers with Automatic Stream Feeders, Soft Hard Folder and Cover Feeder

9-Pocket Heidelberg ST-450 Saddle Stitcher with Cover feeder, Card Feeder, and in-line inkjet capabilities

18-pocket Muller-Martini Corona C12 Perfect Binder with ASIR signature recognition on pockets, AMRYS auto make-ready, stream feeders, book block feeder, dual cover feeders, cover gate-fold unit, 2-up book saw, trimmer, stacker and palletizer

18-pocket Muller-Martini Perfect Binder with Inline Trimming

Muller-Martini In-Line Card / Onsert Gluer for Application of Product to Outside of Signatures

Data Processing Services and Software

Mail Manager 2018 Software with Mail.dat (USPS Compatible)
 Window Book DAT-MAIL Editor
 Code Accuracy Support System (CASS Certification)

 Full Service IMB Certified—BMEU facility / Plant Load Verification
 Mail Anywhere Certified

In-Line Inkjet Equipment

FASTechnology FASTpro4000 Base Controllers
 (1) Domino Bitjet+4.5 High Speed Ink Jet Printing System
 2 1/8" wide head -175dpi
 Continuous Flow -MEK Based
 (2) Domino K-600i Series UV based inkjet system
 4 1/4" print head—300dpi to 600dpi
 Domino Editor GT controller with sorting capability
 (4) Profold RSC Tabbers with Entry and Exit Bump Turns (USPS Booklet tabbing requirement in single pass)

Off-Line Inkjet Equipment

(2) Domino L-400 Series
 Imager -(2) 2" heads, stitch to create 4" of print area -240dpi to 600dpi
 Drop on demand / Cartridge based
 Capable of printing standard colors in 1/2" increments
 (2) Profold RSC Tabberswith Entry and Exit Bump Turns (USPS Booklet tabbing requirement in single pass)

Tabbing and Inserting Equipment

(7) Profold RSC Tabbers configured in-line with entry and exit bump turns on 2nd tabber for booklet tabbing

Secap and Profold RSC Tabbers configured in-line with exit bump turns on 2nd tabber for booklet tabbing

Ancillary Bindery and Packaging Equipment

(3) Challenge Hole Punch Drill—3 hole/5 hole

Duplo DC-1000 Collator—20 station

(2) Shanklin Fully Automatic High Speed Shrink Wrapper (F5 and HS-4)

(1) Texwrap Fully Automatic High Speed Shrink Wrapper (250 ppm) with (3) Longford integrated feeders
